An **Elegant Place** Deserves
To Be Smart Too!

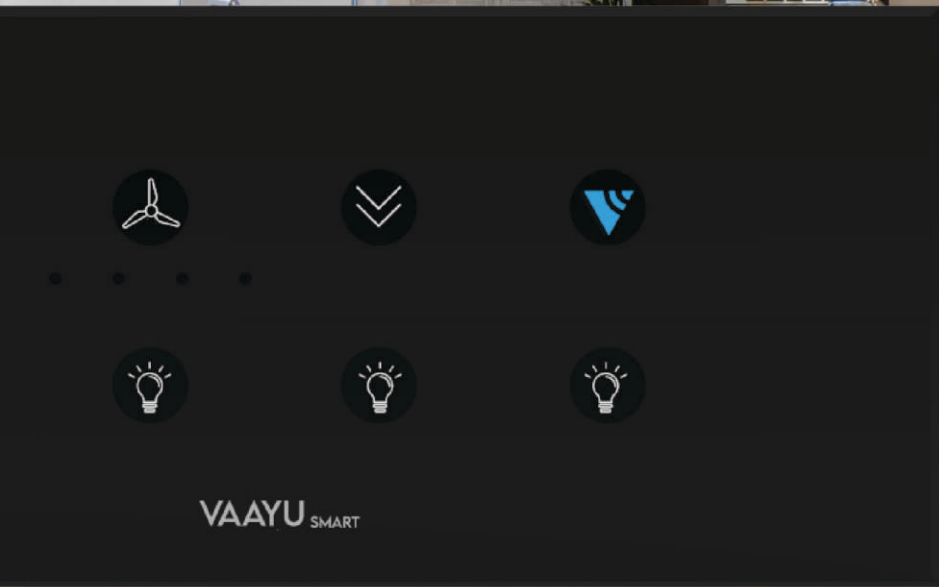

Smartness

is in each detail

At Vaayu, we have employed state-of-the-art technology to develop smart solution products with intelligent features. Our products are designed and built to enhance your living experience.

A dark grey control panel overlay on the left side of the image. It features six circular icons: a three-pronged plug, a downward-pointing chevron, a Wi-Fi signal icon, a lightbulb, another lightbulb, and a third lightbulb. The text 'VAAYU SMART' is located at the bottom left of the panel.

About

Vaayu Smart

GORAKH GARAD
CHAIRMAN

The Founder

Don't be content with being smart; push yourself to go beyond. Coming home brings unending joy. It is the area that symbolises both our uniqueness and the goals we hope to achieve. At Vaayu, we believe in catering to your potential needs and in delivering a holistic smart home solution. We do this by collaborating with the industry's top architects and interior designers to turn our vision into a reality with products that are intelligent, stylish, and one of a kind.

Vaayu Smart Technologies Private Limited was incorporated with the aim of introducing the most modern and futuristic home automation technology into people's life to make it more convenient, secure and easy. We focus on designing and developing products that are led by imagination and innovation to offer ground breaking levels of functionality and productivity.

Vaayu's home automation and smart home solutions offers hi-tech yet convenient and hassle-free ways to transform your current residential, commercial and hospitality spaces into smart living spaces. We are committed to deliver excellent quality, reliable and high-performance products.
